Life Safety Products B.V.
Werner von Siemensstraat 22
2712 PP Zoetermeer
The Netherlands

Conformity

The tested product met the requirements of:
The product as specifications fulfils the requirements as set out in the TÜV NORD Nederland inspection list for testing of emergency hammers. This covers as minimum:
1) Assessment of functionality and effectiveness, 2) Hardness of metal point, 3) Behavior and assessment of the system in air environment and environment with potential deceleration due to water, 4) Risk assessment 'unintentional misuse', 5) Fire behavior of materials. Claim on an anti Flammability behavior is not permitted. Use of the TÜV-NL QA logo is permitted.

Period of validity

This certificate was first issued on 12-03-2024 and remains valid until 31-12-2025 and as long as the conditions as laid down in the product specifications, the methods, the production instructions and the conditions of use do not change significantly and the product is permanently meets the legal requirements through self-declarations by the manufacturer and that this certificate has not been suspended or revoked. It is the responsibility of the manufacturer to investigate what other national legislation or European regulations are or may be applicable to the above product. Product liability rests entirely with the manufacturer. The validity of the certificate can be requested via <https://www.tuv.nl>. Changes that may affect the validity of the certificate must be communicated by the manufacturer to the TÜV in writing as an obligation.
